

EXECUTOR CONSENT FORM

Please complete this form if you are the spouse, next of kin or registered partner of the donor. All forms should be returned to UBC via the address below.

1. I have read and understand the UBC Body Donation pamphlet including the section on the Body Donation Program, the Body Donation Process and the frequently asked questions section provided to me by the Faculty of Medicine at UBC.
2. A donated body may be tested for Hepatitis B, Hepatitis C, and HIV upon receipt in the Program. The results of these tests will not be disclosed to the donor's designated executor but may be reported to the BC Provincial Health Officer.
3. The donated remains may be preserved by the program or may be used in an unembalmed state.
4. The donated remains may be dissected, examined, studied, and/or preserved for an extended period of time and may be used for more than one purpose.
5. Parts of the body such as organs or limbs may be removed and separated from the whole body. Bodily fluids and tissues may be analyzed and destroyed.
6. Anonymous images and videos of donated anatomical material may be used for online restricted access and open access education and research purposes.
7. When making a donation, donors, survivors, executors and/or responsible parties cannot designate the uses to which the body will be put.
8. If the donor is located outside of the Greater Vancouver Regional District (GVRD) the executor or estate of the donor is responsible for the transportation charges to the GVRD.
9. The University of British Columbia reserves the right to decide whether or not to proceed with the donation of the body.

I have read and fully understand the policies set forth in this document as the legally responsible partner under this section for _____(name of donor).
