

RESEARCH ASSOCIATE
Department of Cellular & Physiological Sciences
University of British Columbia

The Department of Cellular & Physiological Sciences at the University of British Columbia invites applications for a Research Associate in the field of Developmental Cell Biology.

The successful candidate will have a Ph.D in a relevant area of life sciences and must have completed several years of postdoctoral work in the field of Cell Biology. Applicants must have extensive knowledge and skills in the field of *Drosophila* genetics and molecular biology. Desired techniques relevant to the position include DNA cloning, All aspects of *Drosophila* work, immunohistochemistry, quantitative and live imaging, confocal microscopy, recombinant DNA production, design and creation of novel transgene constructs, CRISPR DNA editing, and quantitative PCR. Excellent verbal and written communication skills are a necessity as well as the ability to work in a team environment. The applicant will be expected to supervise graduate and undergraduate students, play an active role in developing research proposals, producing manuscripts for publication and teach advanced molecular biology techniques to others. The candidate will also be expected to serve an advisory role to members of other laboratories and collaborators.

Salary will be commensurate with qualifications and experience.

Applications, including a curriculum vitae and contact information for three referees, should be submitted to: Dr. G. Tanentzapf, Department of Cellular & Physiological Sciences, UBC, 2350 Health Sciences Mall, Vancouver, B.C. V6T 1Z3.

Equity and diversity are essential to academic excellence. An open and diverse community fosters the inclusion of voices that have been underrepresented or discouraged. We encourage applications from members of groups that have been marginalized on any grounds enumerated under the B.C. Human Rights Code, including sex, sexual orientation, gender identity or expression, racialization, disability, political belief, religion, marital or family status, age, and/or status as a First Nation, Metis, Inuit, or Indigenous person. All qualified candidates are encouraged to apply; however Canadians and permanent residents of Canada will be given priority
